Kirat: Raakesh....thanks for coming on board yet again...you're kinda used to us by now aren't you?

Rakesh: haha...yeah after our last few adventures, I've kinda been missing having you guys around...

Kirat: haha...well we're back and we've dug up a really interesting piece of info about you... you apparently love Lady Gaga...she's your ultimate muse, I believe?

Raakesh: yeah....I love gaga...her madness, her style...her attitude...its all unapologetic....and that to me is sexy! That to me is stylish! and I'd love to design for her someday...!

Kirat: well....as much as I'd like to have Lady Gaga gift wrapped and sent your way....unfortunately I can't....but what I can do is introduce you to our celebrity client of the day...

Rakesh: sounds exciting...!

Kirat: Joining us today on Style and the City who with his boyish charm makes the girls blush while his manly demeanour makes the ladies go gaga. Riding high on the success of his latest flick, winding his way up from NH10 to SATC is the very handsome, very suave Neil Bhooplam.

NEIL ENTERS. NEIL ENTRY SHOTS

Kirat: Hey Neil... welcome to style and the city...i believe you know our in house design expert? Raakesh Agarvwal...?

Neil: who doesn't ? in fact I'm quite a fan of his work!

Raakesh: why thank you! I have actually seen you in one of my creations and you did actually carry it off just as I had hoped one would...

Kirat:So Neil I am going to bombard you with a few questions...and your answers will help us understand you, your style and your personality better....ready?? here we go!

1. How important is it for an actor to make a style statement?
2. What is the definition of style for you?
3. your style icon?
4. 3 things in your wardrobe which you cherish the most?
5. What's worst...a fashion disaster at a film awards function or a fashion disaster at a fashion week!
6. A fashion disaster you've had?
7. What do you wear when you want to be the following
 - the guy next door
 - the hunk
 - the casanova!
8. 5 must haves for any guy out there
9. The weirdest compliment or comment anyone has given you?
10. The weirdest outfit, the most outlandish one you've worn

Kirat: all right! lots of interesting answers there... I think we've fairly understood your style space....so tell us...what may we do for you?

Neil: I must warn you guys...what I have in mind...its kinda out there...

Kirat: well guess what Neil....our designer friend here has Lady gaga as his muse and hopes to create something for her some day...so eccentric, unconventional, out there, whacked out...its all good!

NEIL: So here's my crazy little challenge for you guys! I know you're both from Delhi...and I'm in love with that city and its outlandish vibe! There's so much pomp and

galore...but with so much heart and soul! So I was thinking why don't you guys design for me an outfit that captures the essence of Delhi? An ode to Delhi if you may!

Raakesh: that's a really exciting challenge! You know, as designers we're always looking for inspiration everywhere. And Delhi...delhi's dynamic, its diverse...its crazy and mad yet classy and majestic! That is like...tonnes of inspiration. I love it and I am raring to go!

KIRAT: awesome! so Delhi it is then...

NEIL: do me proud you two...Surprise me, shock me, rock my world with an outfit that screams Delhi! Best of luck!

NEIL LEAVES

Kirat: so Raakesh... fun brief huh??? He wants the essence of Delhi, etched in an outfit.... But there's so much that's Delhi ...that's a huge canvas really... architecture, people, culture, lifestyle, food...so what's the plan? how do we pull in all of that in one outfit?

Raakesh: I think it's the vibe of the place...the essence like he said....so I wanna go totally kitsch on this one...lets make it make it stand out, loud and proud...in your face... garish even, to some extent.....I mean that's how Delhi is...bold, brazen...and unapologetic!!

Kirat: nice! I love the direction your're taking on this one.....we've got a lottttt of work to do! Not a moment to waste, so let's get rolling.

TRANSITION CITY SHOTS OF AUTOS, PEOPLE, FOOD AND EVERYTHING THAT GOES WITH THE KITSCHY THEME. SHOW THEM GETTING INTO AN AUTO, CUT TO SITTING IN AND HAND RICKSHAW ...INTERCUT VISUALS OF THE CITY.

SEGMENT 3

Kirat: Welcome back to SATC with me Kirat Bhattal. Our celebrity client, the very dapper Neil Bhoopalam wanted an outfit that flaunted the loud and proud essence of Delhi!! Our design genius Raakesh Agarvwal has kitschy truck art on his mind....and he's in in his workshop right now working his quirky magic!

Kirat: helllo hello! Your partner in style has arrived...

Rakesh: and she's made a fabulously late entry!! I am halfway there...just need to tie all the elements in...

Kirat: that's usually my cue to enter the scene and take all the credit...but jokes apart...hows it going? Did you get that fabric from Siddharth?

Rakesh: Yes i did...and it's mighty cool!

RAAKESH SHOWS HER THE FABRIC

Kirat: rawsome awesome!!! I love the arrangement of the images!!! This is just what you wanted right??? like when I saw the digital version I was impressed but this....is something else!! So how do you plan on using this? lets set it all up on our style board

RAAKESH & KIRAT PUT UP ALL ELEMENTS ON STYLE BOARD>>>RAAKESH AND EXPLAINS WHAT DESIGN HE NOW HAS IN MIND. DISCUSS THE CUTS, THE SILHOUETTES.

Kirat: that, my fellow Delhi lover, has Delhi written all over it..Neil will love it...I know there's a method to your madness and I don't think you want me getting in the way... so I'll see you when I see you!!!

KIRAT AND RAAKESH....NEIL ENTERS

Neil: hey guys... hows it going!

Kirat: Great!! tell me something Neil... how do you feel about trucks?

Neil: trucks??? Haha...I've had my childhood dream moment where I wanted to become a truck driver ! Something about the big loud and colorful madness of them fascinated me

Kirat: so how bout I tell you that those big loud colorful 'horn ok please' monsters have been an integral part of our style journey!!!

Neil: seriously? ...truck art.... Neat!!!

Kirat: you wanted Delhi served up in your outfit??? We've added a truck load....you need to see this to believe it!

Neil :I sure do!!!

OUTFIT HANDED OVER WITHOUT REVEALING MUCH...NEIL GOES INTO TRIAL .OUTFIT REVEAL BEFORE AFTER...

Kirat: Neil you are totally rocking the look! I love it...raakesh?

Raakesh: it fits him just as I imagined...I like....

Kirat: the only one who's opinion really matter here is you Neil...what say?

Neil: well honestly...i didn't think I could carry off something this rad...but it is the coolest most kitschy thing I've ever worn!!!! Aaaand its Delhi allllll over.... I love it!

Raakesh: super!! So what now guys??? Lassi and paranthas at a truck dhaaba?

Neil: oh absolutely...this one's on me!

Kirat: Our little detour into the colorful world of truck art brought some serious edge into Neil's kitschy outfit. Raakesh's experiment has proved that, a dash of eccentricity can lead to a whole lot of style...so boys and girls... if bold, bright and busy prints are your thing, here are a few Do it yourself tricks that can help you kitsch up your wardrobe!

- Print on print is a massive trend...but the key to rock this look is to have at least one common color that pulls the two prints together!
- Get Kitsch co-ordinated....pick one of the colors in the print you are wearing and match it to your handbag and or your shoes....
- Mixing prints can actually flatter your body type...pick a playful bright print for an area you want to highlight and choose a subtler print for the parts you want to play down!
- Aaand if mixing prints isnt your thing, go for printed accessories instead...a funky handbag, a quirky laptop sleeve or even a screaming for attention cell phone cover can kitsch up your style in no time!

And on that note, this crazy kitschy adventure draws to a close! But we'll be back soon enough coz many more style challenges lie in wait... Lots of inspiration for us to seek... only on Style and the City where every day is a style journey and every step a fashion statement!
